To whomsoever it might concern!

Greetings and Love from Fr. A. Clement Raja, the Parish Priest and the Vicar Forane of R.S.Mangalam Vicariate from the Diocese of Sivagangai in Tamil Nadu-India. Our Parish Church is in Sivagangai Diocese, Ramnad District and it is dedicated to the Holy Spirit and we have just renewed our Church during this Covid-19 period.

We have completely changed the old audio system due to its audio non clarity and the other constant difficulties and problems met with. Now we have installed LED Audio System with the kind co-operation of ASD Establishment, Bangalore. Even though it looks little expensive but it is really serving the purpose of our various religious duties that we offer for our simple faithful. The clarity is good and the feedback is satisfactory and it is reaching out very effectively all those who are inside and outside the church.

We are also able to get the regular and the constant guidance and the services from the ASD Establishment Proprietor, Mr.Arockiasamy whose Mother is hailing from our own substation by name Kallangapuli. He has got a very good and hard working Team Members with well experience in this audio system installment. Above all, Mr.Arockiasamy is a reliable and simple administrator and a Catholic who wants to serve our Churches the Schools and the Colleges in this way.

Hence I recommend his trustworthy work for your parish and the institutions.

Sincerely Yours in Christ
A. Clement Raja
